SUBJECT INDEX, VOLUME 141

(CR = case report; E = editorial)

Abdomen
Controlled clinical trial of three suture materials for abdominal wall closure after bowel operations, 510
Diagnosis of traumatic rupture of the gallbladder (CR), 731
Effect of obstructive jaundice on wound healing, 593
Running synthetic absorbable suture in abdominal wound closure, 572
Abdominal aorta
Independence of renin production and hypertension in abdominal aortic aneurysmectomy, 472
Mortality of acute renal failure after rupture of abdominal aortic aneurysms, 240
Acid
Acid corrosive gastritis (CR), 381
Actinomycosis
Suspected neoplasm of the liver with pulmonary metastases cured by surgery and penicillin (CR), 384
Adrenal gland
Myelolipoma of the adrenal gland (CR), 282
Amputation
Risk factors in healing of below-knee amputation, 718
Anastomosis
Modified Gambee stitch, 304
Randomized prospective evaluation of the EEA stapler for colorectal anastomoses, 143
Aneurysm
Computed tomographic angiography, 434
Independence of renin production and hypertension in abdominal aortic aneurysmectomy, 472
Mortality of acute renal failure after rupture of abdominal aortic aneurysms, 240
Results of ventricular aneurysmectomy, 684
Segmental renal autotransplantation in a patient with a single kidney affected by arteriovenous malformation and aneurysm (CR), 605
Angina pectoris
Current medical management versus coronary arterial bypass grafting in patients with stable angina pectoris, 651
Diagnosis and management of coronary arterial spasm, 660
Is re-revascularization clinically beneficial? 656
Results of ventricular aneurysmectomy, 684
Angiography
Computed tomographic angiography, 434
Current medical management versus coronary arterial bypass grafting in patients with stable angina pectoris, 651
Lower gastrointestinal bleeding, 478
Antacids
Cimetidine and antacid prophylaxis of acute upper gastrointestinal bleeding in high risk patients, 339
Anus
Carbon dioxide laser in the treatment of high anal fistula, 395
Appendicitis
Colonic diverticulitis in patients under age 40: need for earlier diagnosis, 699
Retrocecal appendicitis, 507
Appendix
Acute appendicitis, 232
Arterial occlusive disease
See Arteriosclerosis
Management of combined segment disease, 452
Arteriosclerosis
See Arterial occlusive disease
Atherosclerosis, 638
Will atheroma regress with diet and exercise? 644
Aspirin
Effect of 16,16 dimethyl prostaglandin E_2 on aspirin-induced permeability changes in the pancreatic duct, 22
Atherosclerosis
Atherosclerosis, 638
Life expectancy after coronary artery surgery, 665
Will atheroma regress with diet and exercise? 644
Atrium
Treatment of severe atrial injuries, 465
Bacteria
Bacteriologic study of paronychia in children, 703
Bile
Differing effects of early and chronic cholelithiasis on hepatic bile lithogenicity, 34
Effect of vagotomy on exocrine pancreatic and biliary secretion in man, 40
Sludge is calcium bilirubinate associated with bile stasis, 51

Biliary atresia
Prognostic determinants after hepatoportoenterostomy for biliary atresia, 57
Biliary tract
Ascending cholangitis secondary to a chicken bone lodged at the ampulla of vater (CR), 610
Cholecystostomy for noninflammatory disease, 342
Choledochoduodenostomy in the treatment of benign biliary tract disease, 90
Evaluation of biliary disease by scintigraphy, 77
Factors affecting mortality in biliary tract surgery, 66
Preoperative percutaneous transhepatic biliary decompression lowers operative morbidity in patients with obstructive jaundice, 61
Successful long-term percutaneous decompression of the biliary tract, 73
Ultrasonic imaging during biliary and pancreatic surgery, 84
Bladder
Bladder dysfunction after low anterior resection for mid-rectal cancer, 266
Blood flow
Liver tissue perfusion: comparison of radiologic and isotope clearance techniques in a patient with portal hypertension, 397
Boerhaave syndrome
Boerhaave syndrome, 531
Bombesin
Bombesin: a vagally independent stimulator of gastrin release, 98
Bowel disease
Hemorrhage from ileal varices after total proctocolectomy (CR), 178
Ileostomy in ulcerative colitis, 370
Brain
Blood-brain barrier derangement in sepsis: cause of septic encephalopathy? 136
Distal splenorenal shunt: an enigma (E), 579
Breast
Hypercalcemia induced by tamoxifen (CR), 277
Management of locally recurrent breast cancer adjacent to prosthetic implants, 590
Results of oophorectomy by menstrual and estrogen receptor states in patients with metastatic breast cancer, 554
Bypass
Aortofemoral bypass for severe limb ischemia, 252
Late hepatic histopathology after jejunoileal bypass for morbid obesity, 159
Segmental renal autotransplantation in a patient with a single kidney affected by arteriovenous malformation and aneurysm (CR), 605
Bypass grafting
Current medical management versus coronary arterial bypass grafting in patients with stable angina pectoris, 651
Experience with 130 polytetrafluoroethylene grafts, 546
Is re-revascularization clinically beneficial? 656
Life expectancy after coronary artery surgery, 665
Management of combined segment disease, 452
Vein graft stenosis, 549
Cancer
See Carcinoma
Application of polyethylene glycol turbidity assay to detection of circulating immune complexes in cancer patients, 460
Bladder dysfunction after low anterior resection for mid-rectal cancer, 266
Cancer of the stomach (E), 10
Evaluation of palliative procedures for pancreatic cancer, 430
Familial polyposis coli associated with bile duct cancer (CR), 378
Lymph node metastases in cancer of the thoracic esophagus, 216
Management of locally recurrent breast cancer adjacent to prosthetic implants, 590
Natural history of patients with untreated liver metastases from colorectal cancer, 586
Results of oophorectomy by menstrual and estrogen receptor states in patients with metastatic breast cancer, 554
Spread of rectal cancer within veins, 15
Carcinoma
See Cancer
Advanced squamous cell carcinoma of the maxillary sinus, 522
Carcinoma of the stomach after gastric operation, 487
Hypercalcemia induced by tamoxifen (CR), 277
Improving survival in adenocarcinoma of the duodenum, 228
Subtotal colectomy with primary anastomosis without diversion in the treatment of obstructing carcinoma of the left colon, 577
Cardiomyopathy
Surgical treatment of ischemic cardiomyopathy: is it ever too late? 688
Cardioplegia
Current status of myocardial preservation, 672
Cardiovascular surgery
Open heart surgery and myocardial revascularization (E), 618
Carotid artery
Blunt injuries to the carotid and vertebral arteries, 497
Carotid endarterectomy in a small community hospital, 543
Significance of ulcerated plaque in transient cerebral ischemia, 353
Surgical correction of the kinked carotid artery, 295
Catheter
Skin level permanent feeding gastrostomy, 391
Cerebrovascular insufficiency
Surgical correction of the kinked carotid artery, 295
Chemotherapy
Advanced squamous cell carcinoma of the maxillary sinus, 522
Children
Bacteriologic study of paronychia in children, 703
Choledochal cysts presenting in late childhood and adulthood, 568
Colonoscopy in children, 344
Cholangitis
Ascending cholangitis secondary to a chicken bone lodged at the ampulla of vater (CR), 610
Importance of common bile duct stricture associated with chronic pancreatitis, 199
Cholecystectomy
Randomized trial of drainage after cholecystectomy, 289
Cholecystitis
Acute acalculous cholecystitis, 194
Diagnostic utility of cholescintigraphy and ultrasonography in acute cholecystitis, 446
Empyema of the gallbladder: a complication in the natural history of acute cholecystitis, 366
Choledochus cyst
Choledochal cysts presenting in late childhood and adulthood, 568
Cholelithiasis
Differing effects of early and chronic cholelithiasis on hepatic bile lithogenicity, 34
Cholesterol
Atherosclerosis, 638
Cimetidine
Cimetidine and antacid prophylaxis of acute upper gastrointestinal bleeding in high risk patients, 339
Cirrhosis
Effect of portasystemic shunt operations on hepatic portal perfusion, 169
Endoscopic sclerotherapy in acute variceal hemorrhage, 164
Survival and quality of life after selective portasystemic shunts, 183
Clamp
Profunda clamp, 614
Clemens, Samuel
Samuel Clemens and family: the Hartford connection and Hartford physicians (E), 400
Colchicine
Use of colchicine to inhibit wound contraction, 712
Colitis
Hemorrhage from ileal varices after total proctocolectomy (CR), 178
Ileostomy in ulcerative colitis, 370
Collagen
Healing of incisional wounds in stomach and duodenum: Part I, 222
Colon
Colonic diverticulitis in patients under age 40: need for earlier diagnosis, 699
Colonoscopy in children, 344
Natural history of patients with untreated liver metastases from colorectal cancer, 586
Neonatal necrotizing enterocolitis, 562
Randomized prospective evaluation of the EEA stapler for colorectal anastomoses, 143
Reversible ischemic pancolitis (CR), 279
Subtotal colectomy with primary anastomosis without diversion in the treatment of obstructing carcinoma of the left colon, 577
Surgical management of perforated diverticulitis, 122
Common bile duct
Choledochal cysts presenting in late childhood and adulthood, 568
Course of the initial epithelial lesions

associated with autologous bile duct replacement, 187
Familial polyposis coli associated with bile duct cancer (CR), 378
Importance of common bile duct stricture associated with chronic pancreatitis, 199
Shell splinter in the common bile duct: a rare cause of obstructive jaundice (CR), 376
Computed tomography
Computed tomographic angiography, 434
Coronary artery bypass
Current medical management versus coronary arterial bypass grafting in patients with stable angina pectoris, 651
Is re-revascularization clinically beneficial? 656
Coronary artery disease
Applicability and interpretation of electrocardiographic stress testing in patients with peripheral vascular disease, 501
Diagnosis and management of coronary arterial spasm, 660
Life expectancy after coronary artery surgery, 665
Surgical treatment of ischemic cardiomyopathy: is it ever too late? 688
Will atheroma regress with diet and exercise? 644
Cyst
Choledochal cysts presenting in late childhood and adulthood, 568
Hypercalcemic crisis secondary to a functioning parathyroid cyst (CR), 175
Pancreatic pseudocyst, 574
Diabetes
Risk factors in healing of below-knee amputation, 718
Severe lithium-induced diabetes insipidus in a surgical patient treated with hydrochlorothiazide (CR), 741
Diaphragm
Duodenal diaphragm associated with superior mesenteric artery syndrome (CR), 274
Diverticulitis
Colonic diverticulitis in patients under age 40: need for earlier diagnosis, 699
Surgical management of perforated diverticulitis, 122
Drainage
Randomized trial of drainage after cholecystectomy, 289
Duodenum
Choledochoduodenal fistula: an unusual complication of duodenal ulcer disease (CR), 736
Duodenal diaphragm associated with superior mesenteric artery syndrome (CR), 274
Healing of incisional wounds in stomach and duodenum: Part I, 222
Healing of incisional wounds in stomach and duodenum: Part II, 706
Improving survival in adenocarcinoma of the duodenum, 228
Parietal cell vagotomy for duodenal and pyloric ulcers: Part I, 323
Parietal cell vagotomy for duodenal and pyloric ulcers: Part II, 330
Parietal cell vagotomy for intractable and obstructing duodenal ulcer, 482
Pine-needle sound: a new tool for sphincteroplasty, 746

Resection of primary solid hepatic tumors, 18
Survival and quality of life after selective portasystemic shunts, 183
Suspected neoplasm of the liver with pulmonary metastases cured by surgery and penicillin (CR), 384
Lymph nodes
Ilioinguinal lymph node dissection, 299
Lymph node metastases in cancer of the thoracic esophagus, 216
Prophylactic lymph node dissection for malignant melanoma (E), 181
Mastectomy
Management of locally recurrent breast cancer adjacent to prosthetic implants, 590
Maxilla
Advanced squamous cell carcinoma of the maxillary sinus, 522
Melanoma
Prophylactic lymph node dissection for malignant melanoma (E), 181
Mononucleosis
Surgical implications of infectious mononucleosis, 559
Myelolipoma
Myelolipoma of the adrenal gland (CR), 282
Myocardial infarction
Surgical management of acute mechanical defects secondary to myocardial infarction, 677
Myocardium
Current status of myocardial preservation, 672
Neck
Management of laryngotracheal trauma, 412
Nursing
Surgeon's view of the nursing shortage (E), 411
Nutrition
Selective versus standard hyperalimentation, 116
Skin level permanent feeding gastrostomy, 391
Obesity
Late hepatic histopathology after jejunoileal bypass for morbid obesity, 159
Standardized gastroplasty orifice, 393
Oophorectomy
Results of oophorectomy by menstrual and estrogen receptor states in patients with metastatic breast cancer, 554
Pancreas
An unusual case of heterotopic pancreas of the stomach (CR), 269
Effect of 16,16 dimethyl prostaglandin E_2 on aspirin-induced permeability changes in the pancreatic duct, 22
Effect of vagotomy on exocrine pancreatic and biliary secretion in man, 40
Evaluation of palliative procedures for pancreatic cancer, 430
Pancreatic islet transplantation in dogs, 208
Pancreatic pseudocyst, 574
Pancreatic resection, 204
Pattern of immunoreactive glucagon in portal, arterial and peripheral plasma before and after removal of glucagonoma, 148
Ultrasonic imaging during biliary and pancreatic surgery, 84
Pancreatitis
Ductal drainage or resection for chronic pancreatitis, 28
Gastrointestinal hemorrhage from left-sided portal hypertension, 153
Importance of common bile duct stricture associated with chronic pancreatitis, 199
Sphincterotomy or sphincteroplasty in the treatment of pathologically mild chronic pancreatitis, 418
Parathyroid glands
Hypercalcemic crisis secondary to a functioning parathyroid cyst (CR), 175
Oxyphil cell adenoma as a cause of hyperparathyroidism, 744
Surgical treatment of benign nontoxic intrathoracic goiter, 721
Parenteral nutrition
Selective versus standard hyperalimentation, 116
Paronychia
Bacteriologic study of paronychia in children, 703
Pentagastrin
Does luminal gastrin stimulate gastric acid secretion? 94
Peptic ulcer
History and evolution of peptic ulcer surgery (E), 317
Peptide
Reduced tissue content of vasoactive intestinal peptide in aganglionic colon of Hirschsprung's disease, 243
Peripheral vascular disease
See Arteriosclerosis
Applicability and interpretation of electrocardiographic stress testing in patients with peripheral vascular disease, 501
Peritoneal lavage
Diagnosis of traumatic rupture of the gallbladder (CR), 731
Pheochromocytoma
Clinical study of pheochromocytoma, 346
Pneumonia
Legionnaires' disease in renal transplant patients, 423
Polyps
Colonoscopy in children, 344
Polytetrafluoroethylene
Experience with 130 polytetrafluoroethylene grafts, 546
Popliteal artery
Popliteal artery entrapment syndrome (CR), 726
Portacaval shunt
Loss of hepatic portal perfusion after selective shunts (E), 581
Portal hypertension
Noncirrhotic portal hypertension in adults, 514
Profundaplasty
Extended profundaplasty, 539
Prostaglandin
Effect of 16,16 dimethyl prostaglandin E_2 on aspirin-induced permeability changes in the pancreatic duct, 22
Pylorus
Parietal cell vagotomy for duodenal and pyloric ulcers: Part I, 323
Parietal cell vagotomy for duodenal and pyloric ulcers: Part II, 330
Radiation therapy
Advanced squamous cell carcinoma of the maxillary sinus, 522
Radioisotope imaging
Use of intraperitoneal xenon-133 for imaging of intestinal strangulation in small bowel obstruction, 128
Rectum
Bladder dysfunction after low anterior resection for mid-rectal cancer, 266
Natural history of patients with untreated liver metastases from colorectal cancer, 586
Randomized prospective evaluation of the EEA stapler for colorectal anastomoses, 143
Spread of rectal cancer within veins, 15
Reflux
Experimental antireflux intestinal valve, 597
Residency

Respiration
Synergistic effect of acute renal failure and respiratory failure in the surgical intensive care unit, 492
Retractor
New self-retaining retractor holder to facilitate surgical exposure, 306
Revascularization
Aortofemoral bypass for severe limb ischemia, 252
Is re-revascularization clinically beneficial? 656
Rib
Supraclavicular resection of the first rib for thoracic outlet syndrome, 213
Sarcoma
Short-term follow-up of surgically treated sarcomas, 537
Scintigraphy
Diagnostic utility of cholescintigraphy and ultrasonography in acute cholecystitis, 446
Evaluation of biliary disease by scintigraphy, 77
Sepsis
Blood-brain barrier derangement in

sepsis: cause of septic encephalopathy? 136
Shock
Effect of graded hemorrhage on renal cortical perfusion in dogs, 235
Shunt
Distal splenorenal shunt: an enigma (E), 579
Effect of portasystemic shunt operations on hepatic portal perfusion, 169
Factors influencing survival after therapeutic shunts, 257
Loss of hepatic portal perfusion after selective shunts (E), 581
Survival and quality of life after selective portasystemic shunts, 183
Small intestine
Experimental antireflux intestinal valve, 597
Neonatal necrotizing enterocolitis, 562
Use of intraperitoneal xenon-133 for imaging of intestinal strangulation in small bowel obstruction, 128
Sphincteroplasty
Pine-needle sound: a new tool for sphincteroplasty, 746
Sphincterotomy
Sphincterotomy or sphincteroplasty in the treatment of pathologically mild chronic pancreatitis, 418
Spleen
Surgical implications of infectious mononucleosis, 559
Splenorenal shunt
Distal splenorenal shunt: an enigma (E), 579
Loss of hepatic portal perfusion after selective shunts (E), 581
Stapler
Randomized prospective evaluation of the EEA stapler for colorectal anastomoses, 143
Use of EEA stapler in transection of esophagus in severe hemorrhage from esophageal varices (CR), 387
Stenosis
Vein graft stenosis, 549
Stomach
An unusual case of heterotopic pancreas of the stomach (CR), 269
Bombesin: a vagally independent stimulator of gastrin release, 98
Cancer of the stomach (E), 10
Carcinoma of the stomach after gastric operation, 487

SUBJECT INDEX, VOLUME 142

(CR = case report; E = editorial)

Abdomen
- Heterotopic bone formation in abdominal operation scars, 555
- Iliohypogastric nerve injury, 628
- Intermittent pneumatic calf compression for prevention of deep venous thrombosis in general abdominal surgery, 525
- Intraabdominal abscess after penetrating abdominal trauma, 699
- New atraumatic absorbing instrument for keeping viscera aside: DISARP, 422
- Primary closure of the contaminated wound. Closed suction wound catheter, 704
- Stapled abdominal wall closure revisited, 391

Abdominal aorta
- Alternatives in the treatment of abdominal aortic aneurysms, 226
- Developmental occlusive disease of the abdominal aorta and the splanchnic and renal arteries, 190
- Hemodynamic and metabolic effects of abdominal aortic crossclamping, 174
- Pitfalls in the diagnosis of abdominal aortic aneurysm, 757
- Secondary aortoenteric fistula, 203

Abscess
- Debridement pancreatectomy for pancreatic abscess, 664
- Intraabdominal abscess after penetrating abdominal trauma, 699
- Use of indium-111-labeled autologous leukocytes in differentiating pancreatic abscess from pseudocyst, 312

Adenocarcinoma
- Total pancreatectomy for ductal adenocarcinoma of the pancreas: Mayo clinic experience, 308

Adenoma
- Is aggressive surgical treatment indicated for recurrent benign mixed tumors of the parotid gland? 434
- Surgical management of aldosterone-producing adrenal adenomas, 89

Adrenal gland
- Surgical management of aldosterone-producing adrenal adenomas, 89

Aldosterone
- Surgical management of aldosterone-producing adrenal adenomas, 89

Amylase
- Clinical significance of elevated serum and urine amylase levels in patients with appendicitis, 667

Anastomosis
- New technique of gastrojejunal anastomosis after partial gastrectomy, 398
- Simplified operative procedure for proximal subclavian arterial lesions: direct subclavian-carotid anastomosis, 416
- Technique for using the EEA stapler for low anterior resection of the rectum entirely from the abdominal approach, 388

Vascularity of gastrointestinal staple lines demonstrated with silicone rubber injection, 563

Anemia
Acute surgical illness in patients with sickle cell anemia, 113

Aneurysm
Alternatives in the treatment of abdominal aortic aneurysms, 226
Descending thoracic aortic aneurysm, 106
Pitfalls in the diagnosis of abdominal aortic aneurysm, 757

Angiography
Percutaneous angiographic embolization: a procedure of increasing usefulness, 5
Radionuclide angiography of the liver and spleen, 574

Angioplasty
Guidelines for performance of transluminal angioplasty in the hospital, 231

Antrum
Effect of antrectomy on the nervous phase of gastric secretion in the dog, 324

Anus
New concept of the anatomy of the anal sphincter mechanism and the physiology of defecation: XII. Anorectal mobilization. A new surgical access to rectal lesions. Preliminary report, 629

Aorta
Cannulation injuries of the ascending aorta. Repair using the aortic corset (CR), 532
Descending thoracic aortic aneurysm, 106
Hemodynamic and metabolic effects of abdominal aortic crossclamping, 174

Appendectomy
Appendectomy in a large metropolitan hospital. Retrospective analysis of 1,013 cases, 615

Appendicitis
Clinical significance of elevated serum and urine amylase levels in patients with appendicitis, 667

Appendix
Randomized, prospective trial of topical hydrogen peroxide in appendectomy wound infection: high risk factors, 393

Arterial occlusive disease
Cigarette smoking: acute main and small vessel hemodynamic responses in patients with arterial disease, 169
Comparison of reactive hyperemia and treadmill tests in the evaluation of peripheral vascular disease, 158
Complications after percutaneous transluminal angioplasty, 60
Developmental occlusive disease of the abdominal aorta and the splanchnic and renal arteries, 190
Evaluation and management of patients with Raynaud's syndrome, 183
Management of occlusive disease of the subclavian and innominate arteries, 197
Use of isovolemic hemodilution in the management of arterial ischemia in patients with polycythemia, 233

Arteries
Arterial embolectomy in the leg. Results in a referral hospital, 739

Arteriovenous fistula
Successful creation of arteriovenous fistulas in nonuremic patients with heparin and aspirin therapy, 761

Ascites
Peritoneovenous shunting in patients with malignant ascites, 776

Atherosclerosis
Cigarette smoking: acute main and small vessel hemodynamic responses in patients with arterial disease, 169
Comparison of reactive hyperemia and treadmill tests in the evaluation of peripheral vascular disease, 158
Simplified operative procedure for proximal subclavian arterial lesions: direct subclavian-carotid anastomosis, 416

Bile
Basal hyposecretion of gastric inhibitory polypeptide after Roux-Y hepaticojejunostomy in man, 328

Bile acids
Effect of bile acid gavage or vagotomy and pyloroplasty on gastrointestinal carcinogenesis, 551

Biliary atresia
Differentiation of cholestatic jaundice in infants. Utility of diethyl-IDA, 671

Biliary tract
Extrahepatic biliary obstruction secondary to metastatic cancer, 772
Right intrahepatic cholangioenterostomy by Longmire's technique for impassable or recurrent proximal extrahepatic biliary obstruction, 344

Biopsy
Needle aspiration cytologic biopsy in head and neck masses, 484

Blood
Is routine crossmatching for two units of blood necessary in elective surgery? 370
Modern autotransfusion. Experience with a washed red cell processing technique, 522

Blood flow
Radionuclide angiography of the liver and spleen, 574

Blood volume
Circulatory shock associated with purulent peritonitis, 262
Expansion of the intravascular space in severe shock, 258

Bone
Fibroosseous tumors of the facial skeleton in association with primary hyperparathyroidism: an endocrine syndrome or coincidence? 494
Heterotopic bone formation in abdominal operation scars, 555

Breast
Estrogen receptor protein in visceral metastases from breast carcinoma, 252
Mastodynia due to fibrocystic disease of the breast controlled with thyroid hormone, 766
Multifocal breast carcinoma, 255
Patient acceptance of mastectomy for cancer, 517
Prospective evaluation of physical examination of the breast, 331

Burns
Clinical response to cold insoluble globulin replacement in a patient with sepsis and thermal injury, 636

Bypass
Descending thoracic aortic aneurysm, 106
Fatal outcome after jejunoileal bypass for obesity, 619

Bypass grafting
Alternatives in the treatment of abdominal aortic aneurysms, 226
Further experience with the saphenous vein used in situ for arterial bypass, 506
Secondary aortoenteric fistula, 203
Testing and treatment of arterial graft thrombosis, 137

Cancer
Extrahepatic biliary obstruction secondary to metastatic cancer, 772
Locally invasive, well-differentiated thyroid cancer. 22 years' experience at Memorial Sloan-Kettering Cancer Center, 480
Multiple colorectal tumors, 274
Patient acceptance of mastectomy for cancer, 517
Prognostic model for clinical stage I melanoma of the trunk. Location near the midline is not an independent risk factor for recurrent disease, 247
Prognostic significance of combined splenectomy or pancreaticosplenectomy in total and proximal gastrectomy for gastric cancer, 546
Prospective evaluation of physical examination of the breast, 331
Radical en bloc resection of the temporal bone, 443
Review of colorectal cancer in patients under age 40 years, 769
Role of parotidectomy for skin cancer of the head and neck, 464
Significance of mass survey for gastric cancer from the standpoint of surgery, 543
Thyroid cancer: some basic considerations, 474
Total rehabilitation of the patient with head and neck cancer (E), 431

Cannulation
Cannulation injuries of the ascending aorta. Repair using the aortic corset (CR), 532

Carcinoma
Effect of bile acid gavage or vagotomy and pyloroplasty on gastrointestinal carcinogenesis, 551
Epidermoid carcinoma of the palate, 451
Esthesioneuroblastoma, 456
Estrogen receptor protein in visceral metastases from breast carcinoma, 252
Laryngotracheal autograft: an alternate food conduit, 407
Multifocal breast carcinoma, 255
New technique of gastrojejunal anastomosis after partial gastrectomy, 398
Peritoneovenous shunting in patients with malignant ascites, 776
Primary tumors of the small intestine, 569
Resection and reconstruction of the carotid artery in metastatic squamous cell carcinoma, 437
Right intrahepatic cholangioenterostomy by Longmire's technique for impassable or recurrent proximal extrahepatic biliary obstruction, 344

Total pancreatectomy for ductal adenocarcinoma of the pancreas: Mayo clinic experience, 308
Cardiovascular surgery
Cardiovascular surgery in Saudi Arabia (E), 646
Carotid artery
Carotodynia associated with carotid arterial disease and stroke, 210
Evaluation of internal carotid stenosis with the Chronopulse, an automated ocular pulse arrival time recorder, 212
Management of postoperative stroke after carotid endarterectomy, 236
Planned approach to the management of malignant invasion of the carotid artery, 123
Resection and reconstruction of the carotid artery in metastatic squamous cell carcinoma, 437
Routine use of a shunt for carotid endarterectomy, 735
Simplified operative procedure for proximal subclavian arterial lesions: direct subclavian-carotid anastomosis, 416
Tumors of the carotid body, 362
Carotid body
Vascular problems associated with carotid body tumors, 459
Catheter
Management of central venous catheters using a wire introducer, 753
Primary closure of the contaminated wound. Closed suction wound catheter, 704
Causalgia
Changing trends in causalgia, 744
Cecum
Cecal diverticulitis, 56
Chemotherapy
Successful creation of arteriovenous fistulas in nonuremic patients with heparin and aspirin therapy, 761
Children
Crohn's disease in children, 567
Cholangitis
Biliary lithiasis and helminthiasis, 128
Cholecystectomy
Drainage in elective cholecystectomy, 678
Routine versus selective drainage of the gallbladder bed after cholecystectomy, 651
Cholecystitis
Acute acalculous cholecystitis. Ultrasonic diagnosis, 290
Diagnosis of acute cholecystitis using hepatobiliary scan with technetium-99m PIPIDA, 338
Choledocholithiasis
Management of recurrent and residual common duct stones, 41
Cholelithiasis
Continuing clinical enigma of duodenal diverticulum, 596
Cirrhosis
Comparative study of portacaval and mesocaval interposition shunts, 511
Prospective study of portasystemic encephalopathy after emergency portacaval shunt for bleeding varices, 144
Coagulopathy
Coagulopathy associated with peritoneovenous shunting, 51
Colitis
Crohn's disease in children, 567
Colon
Acute perforation of sigmoid diverticula, 712
Cecal diverticulitis, 56
Colorectal foreign bodies and perforation, 85
Multiple colorectal tumors, 274
Prognosis after surgical treatment for granulomatous enteritis and colitis, 347
Review of colorectal cancer in patients under age 40 years, 769
Traumatic colonic perforation. Review of 16 years' experience, 717
Common bile duct
Ampullary disconnection during the course of biliary and duodenal surgery, 100
Biliary lithiasis and helminthiasis, 128
Choledochoplasty for choledochojejunostomy, 305
Experimental and clinical studies on the effect of biliary drainage in obstructive jaundice, 293
Hepaticoduodenostomy at the hepatic hilum after excision of choledochal cyst, 584
Management of recurrent and residual common duct stones, 41
Crohn's disease
Crohn's disease in children, 567
Prognosis after surgical treatment for granulomatous enteritis and colitis, 347
Cyst
Acute and chronic pancreatic pseudocysts are different, 660
Cystic neoplasms of the pancreas, 30
Hepaticoduodenostomy at the hepatic hilum after excision of choledochal cyst, 584
Use of indium-111-labeled autologous leukocytes in differentiating pancreatic abscess from pseudocyst, 312
Defecation
New concept of the anatomy of the anal sphincter mechanism and the physiology of defecation: XII. Anorectal mobilization. A new surgical access to rectal lesions. Preliminary report, 629
Simple modification of Duhamel's operation for the treatment of Hirschsprung's disease, 302
Diverticulitis
Cecal diverticulitis, 56
Diverticulosis
Acute perforation of sigmoid diverticula, 712
Diverticulum
Continuing clinical enigma of duodenal diverticulum, 596
Dobutamine
Dopamine gangrene. Association with disseminated intravascular coagulation, 588
Dopamine
Dopamine gangrene. Association with disseminated intravascular coagulation, 588
Doppler ultrasonography
Doppler evaluation of the pedal arch, 601
Drainage
Drainage in elective cholecystectomy, 678
Routine versus selective drainage of the gallbladder bed after cholecystectomy, 651
Duodenum
Ampullary disconnection during the course of biliary and duodenal surgery, 100
Continuing clinical enigma of duodenal diverticulum, 596
Improved technique for pancreaticogastrostomy after pancreaticoduodenectomy, 386
Ear
Radical en bloc resection of the temporal bone, 443

Clinical response to cold insoluble globulin replacement in a patient with sepsis and thermal injury, 636

Goiter
Tracheal or esophageal compression due to benign thyroid disease, 350

Grafts
Changes in venous endothelial fibrinolytic activity and histology with in vitro venous distention and arterial implantation, 178
Dosage of corticosteroids in renal allograft rejection, 413
Resection and reconstruction of the carotid artery in metastatic squamous cell carcinoma, 437
Testing and treatment of arterial graft thrombosis, 137

Graves' disease
Hypothyroidism after thyroidectomy for Graves' disease, 535

Groin
Pitfalls in the diagnosis of abdominal aortic aneurysm, 757
Vascular trauma in the groin: contrast between iliac and femoral injuries, 695

Hand
Palmar arch arterial reconstruction for the salvage of ischemic fingers, 219

Head and neck
Efficacy of skull radiography, 366
Head and neck oncologic surgeon: self-evaluation (E), 428
Head and neck oncologic training: where we have been and where we are going (E), 504
Needle aspiration cytologic biopsy in head and neck masses, 484
Planned approach to the management of malignant invasion of the carotid artery, 123
Regional lymph node management and outcome in 100 patients with head and neck melanoma, 470
Role of parotidectomy for skin cancer of the head and neck, 464
Total rehabilitation of the patient with head and neck cancer (E), 431

Healing
Stapled abdominal wall closure revisited, 391

Heart
Cannulation injuries of the ascending aorta. Repair using the aortic corset (CR), 532
Ligation of patent ductus arteriosus in very low birth weight infants, 681

Hemorrhage
Injection sclerotherapy for control of acute variceal hemorrhage, 592
Mallory-Weiss syndrome. Review of 69 cases, 560
Percutaneous angiographic embolization: a procedure of increasing usefulness, 5
Prospective study of portasystemic encephalopathy after emergency portacaval shunt for bleeding varices, 144
Transhepatic embolization in patients with acute variceal hemorrhage, 731

Hemothorax
Systematic approach to traumatic hemothorax, 692

Heparin
Perioperative heparin prophylaxis of deep venous thrombosis in patients with peripheral vascular disease, 649
Successful creation of arteriovenous fistulas in nonuremic patients with heparin and aspirin therapy, 761

Hepatitis
Differentiation of cholestatic jaundice in infants. Utility of diethyl-IDA, 671

Hernia
Intraperitoneal polypropylene mesh support of incisional herniorraphy, 707
Pitfalls in the diagnosis of abdominal aortic aneurysm, 757

Hirschsprung's disease
Simple modification of Duhamel's operation for the treatment of Hirschsprung's disease, 302

History of surgery
Contributions to American history by physicians (E), 640
Great opportunity: a binding summons to achieve (E), 605

Hypercalcemia
Sarcoidosis, hypercalcemia and primary hyperparathyroidism. The vicissitudes of diagnosis, 499

Hyperparathyroidism
Fibroosseous tumors of the facial skeleton in association with primary hyperparathyroidism: an endocrine syndrome or coincidence? 494
Management of hyperparathyroidism in patients with renal failure, 109
Persistent and recurrent hyperparathyroidism, 21
Primary hyperparathyroidism: hyperparathyroid crisis, 539
Sarcoidosis, hypercalcemia and primary hyperparathyroidism. The vicissitudes of diagnosis, 499
Unexpected parathyroid disease discovered at thyroidectomy in irradiated patients, 355

Hyperplasia
Artificial pancreas as an aid during insulinoma resection (CR), 528

Hypertension
Developmental occlusive disease of the abdominal aorta and the splanchnic and renal arteries, 190
Reversal of hepatic encephalopathy after occlusion of total portasystemic shunts, 285

Incisional hernia
Intraperitoneal polypropylene mesh support of incisional herniorraphy, 707
Infants
Differentiation of cholestatic jaundice in infants. Utility of diethyl-IDA, 671
Intestinal stenosis resulting from necrotizing enterocolitis, 721
Ligation of patent ductus arteriosus in very low birth weight infants, 681
Infection
Necrotizing fasciitis, 377
Primary closure of the contaminated wound. Closed suction wound catheter, 704
Randomized, prospective trial of topical hydrogen peroxide in appendectomy wound infection: high risk factors, 393
Instruments, surgical
Mechanical arm with a universal clamp for intraoperative self-retaining holding of retractors and other equipment, 424
New atraumatic absorbing instrument for keeping viscera aside: DISARP, 422
Insulin
Artificial pancreas as an aid during insulinoma resection (CR), 528
Intestinal obstruction
Gangrenous bowel. Benin experience, 622
Intestine
Intestinal stenosis resulting from necrotizing enterocolitis, 721
Prognosis after surgical treatment for granulomatous enteritis and colitis, 347
Ischemia
Doppler evaluation of the pedal arch, 601
Evaluation and management of patients with Raynaud's syndrome, 183
Palmar arch arterial reconstruction for the salvage of ischemic fingers, 219
Use of isovolemic hemodilution in the management of arterial ischemia in patients with polycythemia, 233
Islet-cell tumor
Artificial pancreas as an aid during insulinoma resection (CR), 528
Jaundice
Differentiation of cholestatic jaundice in infants. Utility of diethyl-IDA, 671
Experimental and clinical studies on the effect of biliary drainage in obstructive jaundice, 293
Right intrahepatic cholangioenterostomy by Longmire's technique for impassable or recurrent proximal extrahepatic biliary obstruction, 344
Jejunoileal bypass
Fatal outcome after jejunoileal bypass for obesity, 619
Jejunum
Basal hyposecretion of gastric inhibitory polypeptide after Roux-Y hepaticojejunostomy in man, 328
Kidney
Developmental occlusive disease of the abdominal aorta and the splanchnic and renal arteries, 190
Dosage of corticosteroids in renal allograft rejection, 413
Management of hyperparathyroidism in patients with renal failure, 109
1,500 Renal transplants at one center: evolution of a strategy for optimal success, 14
Laparotomy
New atraumatic absorbing instrument for keeping viscera aside: DISARP, 422
Larynx
Laryngotracheal autograft: an alternate food conduit, 407
Leg
Arterial embolectomy in the leg. Results in a referral hospital, 739
Doppler evaluation of the pedal arch, 601
Further experience with the saphenous vein used in situ for arterial bypass, 506
Technique of varicose vein surgery, 239
Vascular trauma in the groin: contrast between iliac and femoral injuries, 695
Liver
Biliary lithiasis and helminthiasis, 128
Comparative study of portacaval and mesocaval interposition shunts, 511
Distal splenorenal shunt, 372
Experimental and clinical studies on the effect of biliary drainage in obstructive jaundice, 293
Hepaticoduodenostomy at the hepatic hilum after excision of choledochal cyst, 584
Hepatic resection: the logical approach to surgical management of major trauma to the liver, 580
Radionuclide angiography of the liver and spleen, 574
Reversal of hepatic encephalopathy after occlusion of total portasystemic shunts, 285
Right intrahepatic cholangioenterostomy by Longmire's technique for impassable or recurrent proximal extrahepatic biliary obstruction, 344
Lung
Pneumothorax: a therapeutic update, 26
Lungs
Respiratory assistance on surgical wards with continuous positive airway pressure (Turbo-PEEP-Weaner), 625
Lymph nodes
Regional lymph node management and outcome in 100 patients with head and neck melanoma, 470
Mallory-Weiss syndrome
Mallory-Weiss syndrome. Review of 69 cases, 560
Mastectomy
Patient acceptance of mastectomy for cancer, 517
Mastodynia
Mastodynia due to fibrocystic disease of the breast controlled with thyroid hormone, 766
Melanoma
Prognostic model for clinical stage I melanoma of the trunk. Location near the midline is not an independent risk factor for recurrent disease, 247
Regional lymph node management and outcome in 100 patients with head and neck melanoma, 470
Metastasis
Estrogen receptor protein in visceral metastases from breast carcinoma, 252
Extrahepatic biliary obstruction secondary to metastatic cancer, 772
Microsurgery
Microsurgical reversal of vasectomy, 48
Palmar arch arterial reconstruction for the salvage of ischemic fingers, 219
Mouth
Epidermoid carcinoma of the palate, 451
Nasolabial flap in intraoral reconstruction, 448
Nasal cavity
Esthesioneuroblastoma, 456
Nasolabial flap
Nasolabial flap in intraoral reconstruction, 448
Neck
Thyroid cancer: some basic considerations, 474
Needle biopsy
Needle aspiration cytologic biopsy in head and neck masses, 484
Nerve injury
Changing trends in causalgia, 744
Iliohypogastric nerve injury, 628
Nutrition
Essential fatty acid deficiency in critically ill surgical patients, 747
Obesity
Fatal outcome after jejunoileal bypass for obesity, 619
Gastric stapling for morbid obesity, 67
Modification of the gastric partitioning operation for morbid obesity, 725

Total pancreatectomy for ductal adenocarcinoma of the pancreas: Mayo clinic experience, 308
Use for the stapler in pancreatic surgery, 384
Use of indium-111-labeled autologous leukocytes in differentiating pancreatic abscess from pseudocyst, 312
Pancreatitis
Clinical significance of elevated serum and urine amylase levels in patients with appendicitis, 667
Follow-up results of surgical treatment for

chronic pancreatitis: present status in Japan, 317
Surgical therapy for chronic pancreatitis: selecting the appropriate approach, 654
Parasites
Biliary lithiasis and helminthiasis, 128
Parathyroid gland
Fibroosseous tumors of the facial skeleton in association with primary hyperparathyroidism: an endocrine syndrome or coincidence? 494
Parathyroid glands
Management of hyperparathyroidism in patients with renal failure, 109
Parathyroid autotransplantation in patients with parathyroid disease and total thyroidectomy, 490
Persistent and recurrent hyperparathyroidism, 21
Primary hyperparathyroidism: hyperparathyroid crisis, 539
Unexpected parathyroid disease discovered at thyroidectomy in irradiated patients, 355
Parenteral nutrition
Essential fatty acid deficiency in critically ill surgical patients, 747
Parotid gland
Is aggressive surgical treatment indicated for recurrent benign mixed tumors of the parotid gland? 434
Role of parotidectomy for skin cancer of the head and neck, 464
Patent ductus arteriosus
Ligation of patent ductus arteriosus in very low birth weight infants, 681
Peripheral vascular disease
Comparison of reactive hyperemia and treadmill tests in the evaluation of peripheral vascular disease, 158
Perioperative heparin prophylaxis of deep venous thrombosis in patients with peripheral vascular disease, 649
Peritoneovenous shunt
Coagulopathy associated with peritoneovenous shunting, 51
Peritoneum
Primary retroperitoneal sarcomas: the role of surgical treatment, 358
Peritonitis
Acute surgical illness in patients with sickle cell anemia, 113
Circulatory shock associated with purulent peritonitis, 262
Pneumothorax
Pneumothorax: a therapeutic update, 26
Polycythemia
Use of isovolemic hemodilution in the management of arterial ischemia in patients with polycythemia, 233
Polypropylene
Intraperitoneal polypropylene mesh support of incisional herniorraphy, 707
Polytetrafluoroethylene
Testing and treatment of arterial graft thrombosis, 137
Popliteal artery
Popliteal artery injury with fractural dislocation of the knee, 36
Portacaval shunt
Comparative study of portacaval and mesocaval interposition shunts, 511
Prospective study of portasystemic encephalopathy after emergency portacaval shunt for bleeding varices, 144
Pulmonary function
Early identification of patients prone to develop adult respiratory distress syndrome, 687
Radionuclide imaging
Diagnosis of acute cholecystitis using hepatobiliary scan with technetium-99m PIPIDA, 338
Use of indium-111-labeled autologous leukocytes in differentiating pancreatic abscess from pseudocyst, 312
Radiotherapy
Unexpected parathyroid disease discovered at thyroidectomy in irradiated patients, 355
Raynaud's phenomenon
Evaluation and management of patients with Raynaud's syndrome, 183
Rectum
Colorectal foreign bodies and perforation, 85
Multiple colorectal tumors, 274
New concept of the anatomy of the anal sphincter mechanism and the physiology of defecation: XII. Anorectal mobilization. A new surgical access to rectal lesions. Preliminary report, 629
Review of colorectal cancer in patients under age 40 years, 769

Rehabilitation
Total rehabilitation of the patient with head and neck cancer (E), 431
Respiration
Early identification of patients prone to develop adult respiratory distress syndrome, 687
Ligation of patent ductus arteriosus in very low birth weight infants, 681
Respiratory assistance on surgical wards with continuous positive airway pressure (Turbo-PEEP-Weaner), 625
Resuscitation
Comparison of the relative effectiveness of colloids and crystalloids in emergency resuscitation, 73
Role of emergency thoracotomy in the resuscitation of moribund trauma victims, 96
Retractor
Mechanical arm with a universal clamp for intraoperative self-retaining holding of retractors and other equipment, 424
Roentgenography
Efficacy of skull radiography, 366
Saphenous vein
Further experience with the saphenous vein used in situ for arterial bypass, 506
Sarcoidosis
Sarcoidosis, hypercalcemia and primary hyperparathyroidism. The vicissitudes of diagnosis, 499
Sarcoma
Primary retroperitoneal sarcomas: the role of surgical treatment, 358
Sclerotherapy
Injection sclerotherapy for control of acute variceal hemorrhage, 592
Sepsis
Clinical response to cold insoluble globulin replacement in a patient with sepsis and thermal injury, 636
Shock
Circulatory shock associated with purulent peritonitis, 262
Expansion of the intravascular space in severe shock, 258
Shunt
Coagulopathy associated with peritoneovenous shunting, 51
Comparative study of portacaval and mesocaval interposition shunts, 511
Distal splenorenal shunt, 372
Peritoneovenous shunting in patients with malignant ascites, 776
Prospective study of portasystemic encephalopathy after emergency portacaval shunt for bleeding varices, 144
Reversal of hepatic encephalopathy after occlusion of total portasystemic shunts, 285
Routine use of a shunt for carotid endarterectomy, 735
Selective distal splenorenal shunts, 281
Sickle cell anemia
Acute surgical illness in patients with sickle cell anemia, 113
Skin
Necrotizing fasciitis, 377
Role of parotidectomy for skin cancer of the head and neck, 464
Skull
Efficacy of skull radiography, 366
Small intestine
Primary tumors of the small intestine, 569
Smoking
Cigarette smoking: acute main and small vessel hemodynamic responses in patients with arterial disease, 169
Sphincteroplasty
Surgical therapy for chronic pancreatitis: selecting the appropriate approach, 654
Spleen
Prognostic significance of combined splenectomy or pancreaticosplenectomy in total and proximal gastrectomy for gastric cancer, 546
Radionuclide angiography of the liver and spleen, 574
Splenorenal shunt
Distal splenorenal shunt, 372
Selective distal splenorenal shunts, 281
Stapling
Gastric stapling for morbid obesity, 67
Single layer suture by manual or mechanical stapling technique in esophagojejunostomy after total gastrectomy, 403
Stapled abdominal wall closure revisited, 391
Technique for using the EEA stapler for low anterior resection of the rectum entirely from the abdominal approach, 388
Use for the stapler in pancreatic surgery, 384
Use of a stapling technique in closure of perforation of the esophagus (CR), 300
Vascularity of gastrointestinal staple lines demonstrated with silicone rubber injection, 563
Stenosis
Evaluation of internal carotid stenosis with the Chronopulse, an automated ocular pulse arrival time recorder, 212
Intestinal stenosis resulting from necrotizing enterocolitis, 721

Steroids
Acute perforation of sigmoid diverticula, 712
Stomach
Basal hyposecretion of gastric inhibitory polypeptide after Roux-Y hepaticojejunostomy in man, 328
Effect of antrectomy on the nervous phase of gastric secretion in the dog, 324
Gastric stapling for morbid obesity, 67
Improved technique for pancreaticogastrostomy after pancreaticoduodenectomy, 386
Late obstruction of Hunt-Lawrence pouch, 401
Modification of the gastric partitioning operation for morbid obesity, 725
Prognostic significance of combined splenectomy or pancreaticosplenectomy in total and proximal gastrectomy for gastric cancer, 546
Significance of mass survey for gastric cancer from the standpoint of surgery, 543
Stroke
Carotodynia associated with carotid arterial disease and stroke, 210
Management of postoperative stroke after carotid endarterectomy, 236
Subclavian artery
Management of occlusive disease of the subclavian and innominate arteries, 197
Simplified operative procedure for proximal subclavian arterial lesions: direct subclavian-carotid anastomosis, 416
Suture
Single layer suture by manual or mechanical stapling technique in esophagojejunostomy after total gastrectomy, 403
Technetium-99m
Diagnosis of acute cholecystitis using hepatobiliary scan with technetium-99m PIPIDA, 338
Telemetry
Twenty-four hour esophageal pH monitoring by telemetry. Cost-effective use in outpatients, 514
Temporal bone
Radical en bloc resection of the temporal bone, 443
Thoracotomy
Role of emergency thoracotomy in the resuscitation of moribund trauma victims, 96
Thorax
Descending thoracic aortic aneurysm, 106
Systematic approach to traumatic hemothorax, 692
Thrombosis
Intermittent pneumatic calf compression for prevention of deep venous thrombosis in general abdominal surgery, 525
Perioperative heparin prophylaxis of deep venous thrombosis in patients with peripheral vascular disease, 649
Technical modifications in the placement of inferior vena caval filter devices, 216
Testing and treatment of arterial graft thrombosis, 137
Thyroid gland
Hypothyroidism after thyroidectomy for Graves' disease, 535
Locally invasive, well-differentiated thyroid cancer. 22 years' experience at Memorial Sloan-Kettering Cancer Center, 480
Parathyroid autotransplantation in patients with parathyroid disease and total thyroidectomy, 490
Thyroid cancer: some basic considerations, 474
Tracheal or esophageal compression due to benign thyroid disease, 350
Unexpected parathyroid disease discovered at thyroidectomy in irradiated patients, 355
Thyroid hormone
Mastodynia due to fibrocystic disease of the breast controlled with thyroid hormone, 766
Trachea
Laryngotracheal autograft: an alternate food conduit, 407
Tracheal or esophageal compression due to benign thyroid disease, 350
Training programs
Cardiovascular surgery in Saudi Arabia (E), 646
Head and neck oncologic surgeon: self-evaluation (E), 428
Head and neck oncologic training: where we have been and where we are going (E), 504
Transfusion
Is routine crossmatching for two units of blood necessary in elective surgery? 370
Modern autotransfusion. Experience with a washed red cell processing technique, 522
Transluminal angioplasty
Complications after percutaneous transluminal angioplasty, 60
Guidelines for performance of transluminal angioplasty in the hospital, 231
Transplantation
Dosage of corticosteroids in renal allograft rejection, 413
Islet autotransplantation after pancreatectomy for chronic pancreatitis with a new method of islet preparation, 118
Management of hyperparathyroidism in patients with renal failure, 109
Parathyroid autotransplantation in patients with parathyroid disease and total thyroidectomy, 490
1,500 Renal transplants at one center: evolution of a strategy for optimal success, 14
Trauma
Cannulation injuries of the ascending aorta. Repair using the aortic corset (CR), 532
Changing trends in causalgia, 744
Clinical response to cold insoluble globulin replacement in a patient with sepsis and thermal injury, 636
Efficacy of skull radiography, 366
Hepatic resection: the logical approach to surgical management of major trauma to the liver, 580
Iliohypogastric nerve injury, 628
Intraabdominal abscess after penetrating abdominal trauma, 699
Popliteal artery injury with fractural dislocation of the knee, 36
Role of emergency thoracotomy in the resuscitation of moribund trauma victims, 96
Systematic approach to traumatic hemothorax, 692
Traumatic colonic perforation. Review of 16 years' experience, 717
Vascular trauma in the groin: contrast between iliac and femoral injuries, 695
Tumor
Cystic neoplasms of the pancreas, 30
Esthesioneuroblastoma, 456
Is aggressive surgical treatment indicated for recurrent benign mixed tumors of the parotid gland? 434
Multiple colorectal tumors, 274
Planned approach to the management of malignant invasion of the carotid artery, 123

Primary tumors of the small intestine, 569
Tumors of the carotid body, 362
Vascular problems associated with carotid body tumors, 459
Ulcer
Gastrointestinal bleeding in the elderly, 271
New technique of gastrojejunal anastomosis after partial gastrectomy, 398
Ultrasonography
Acute acalculous cholecystitis. Ultrasonic diagnosis, 290
Doppler evaluation of the pedal arch, 601
Vagotomy
Effect of bile acid gavage or vagotomy and pyloroplasty on gastrointestinal carcinogenesis, 551
Varices
Transhepatic embolization in patients with acute variceal hemorrhage, 731
Varicose veins
Technique of varicose vein surgery, 239
Vascular trauma
Popliteal artery injury with fractural dislocation of the knee, 36
Vascular trauma in the groin: contrast between iliac and femoral injuries, 695
Vasectomy
Microsurgical reversal of vasectomy, 48
Veins
Changes in venous endothelial fibrinolytic activity and histology with in vitro venous distention and arterial implantation, 178
Vena cava
Technical modifications in the placement of inferior vena caval filter devices, 216
Wangensteen, Owen H.
Scientist-surgeon (E), 245
Wounds
Primary closure of the contaminated wound. Closed suction wound catheter, 704
Randomized, prospective trial of topical hydrogen peroxide in appendectomy wound infection: high risk factors, 393
Stapled abdominal wall closure revisited, 391
